

# Safety vest JC6800 LEON

Page 1 of 1

## Technology

- UV-resistant material (meets the requirements of the European standard EN2471), shines even after years of use.
- Four highly reflective stripes for very good visibility at night, but also very good visibility during the day.
- Visibility: 150 m
- Tested according to European Standard EN 17353:2020 (AB3)
- Branded zip ensures a good fit on the body

## Operation and use

- Very good 360-degree visibility during the day, at twilight and at night due to very large reflective area
- Very good fit thanks to smooth-running branded zip

## Tips

- An LED rear light can be easily and securely attached to the ABUS bracket, for example JC6540 LINUS or JC6520 NILS

## Variants

- Size: S (111 to 122 cm), M (123 to 134 cm)
