

Smartvest Wireless Remote Control

Art. no. FUBE35000A

Page 1 of 2

- Smartvest extension for operation without a mobile device
- Immediate operation at the push of a button and with no need for a PIN code
- Buttons for arming and disarming the Smartvest
- Panic alarm that can be triggered at the push of a button
- Individual configuration of buttons to automatically activate additional components (cameras, sirens, etc.) simultaneously
- Visual feedback via blue LED
- Low battery notification sent to the Smartvest alarm control panel
- Small, portable and easy to use

In addition to the smartphone and tablet option, the Smartvest Wireless Remote Control offers you another streamlined and convenient option for operation – at the push of a button, without the need for a PIN code. With this option, you can both arm and disarm the Smartvest or, in an emergency, trigger a panic alarm at the touch of a button. Using the app, the button can also be configured so that certain cameras or the siren are activated when the buttons are pressed. The Smartvest Wireless Remote Control thus provides basic control options in a compact and handy form ensuring it is simple and intuitive to use.

Smartvest Wireless Remote Control

Art. no. FUBE35000A

Technical Data:

Installation	misc
Color	white
Power consumption Standby	0,005 mA
VdS class	No
Dimensions	30x60x14 mm
Display	LED
Width	30 mm
Radio frequency	868 MHz
Housing material	ABS
Height	60 mm
Length	14 mm
Luminous color	blue
Max. operating temperature	40 °C

Max. humidity	80 %
Max. receiving range (outdoors)	100 m
Max. receiving range (building)	30 m
Max. sending range (outdoors)	100 m
Max. sending range (building)	30 m
Min. operating temperature	0 °C
Modulation	FSK
Net weight	0,022 kg
Tamper monitoring	No
Power consumption	15 mA
